IN EXECUTING THIS BID, THE BIDDER WARRANTS THAT THE PRICES SUBMITTED HEREIN ARE NOT HIGHER THAN THOSE OFFERED TO ANY GOVERNMENTAL OR COMMERCIAL CONSUMER FOR LIKE DELIVERIES. THE PRICES HEREIN SHOULD NOT INCLUDE ANY FEDERAL EXCISE TAXES OR SALES TAXES IMPOSED BY ANY STATE OR MUNICIPAL GOVERNMENT. SUCH TAXES IF INCLUDED MUST BE DEDUCTED BY THE

1. Bids on equipment must be standard new equipment, latest model, except as otherwise specifically stated in proposal or detailed specification. Where any party of nominal appointments of equipment is not described, it shall be understood that all equipment and appointments which are usually provided in the manufacturer's stock model shall be furnished.
2. Bids on materials and supplies must be for new items except as otherwise specifically stated in bid or detailed specification.
3. Bidder declares that the bid is made without any connection with any other Bidder, submitting a bid for the same items, and is in all respects fair and without collusion or fraud.
4. **PRICES.** The provisions of the New York State Fair Trade Law (Fed-Crawford Act) and the Federal price discrimination law (Robinson-Patman Act) do not apply to purchases made by the Nassau Health Care Corporation.
5. **SURETY.** In the event that an award is made hereunder, The Director of Purchase, Nassau University Medical Center, (hereinafter known as the Director of Purchase) reserves the right to request successful bidders to post, within one week, security for faithful performance with the understanding that the whole or any part thereof may be used by the Nassau Health Care Corporation to supply any deficiency that may arise from any default on the part of the Bidder. Such security must meet all the requirements of the County Attorney and be approved by the Nassau Health Care Corporation Attorney.
6. **SAMPLES.** Samples, when required, must be submitted strictly in accordance with instructions, otherwise bid may not be considered. If samples are requested subsequent to bid opening they shall be delivered within five (5) days of the request for bid to have consideration. Samples must be furnished free of charge and must be accompanied by descriptive memorandum invoices indicating if the Bidder desires their return; also specifying the address to which they are to be returned, provided they have not been used or made useless by tests. Award samples may be held for comparison with deliveries.
7. **AWARD.** The Director of Purchase reserves the right before making award to make investigations as to whether or not the items, qualifications or facilities offered by the Bidder meet the requirements set forth herein and are ample and sufficient to insure the proper performance in the event of award. The Bidder must be prepared, if requested by the Director of Purchase to present evidence of experience, ability and financial standing, as well as a statement as to plant, machinery and capacity of the manufacturer for the production and distribution of the material on which he is bidding. Upon request of the Director of Purchase, successful bidder shall file certification from the manufacturer relative to authorization, delivery, service and guarantees. If it is found that the conditions of the bids are not complied with or that articles or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications, financial standing or facilities are not satisfactory, the Director of Purchase may reject such bids. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon the Director of Purchase to make any examinations before award; and it is further understood that, if such examination is made, it in no way relieves the Bidder from fulfilling all requirements and conditions of the bid.
8. Awards will be made to the lowest responsible Bidder. Cash discounts will not be a factor in determining awards, except in the bids. Consideration will be given to the reliability of the Bidder, the qualities of the materials, equipment or supplies to be furnished, their conformity with the specifications, the purpose for which required and the terms of delivery.
9. The Director of Purchase reserves the right to reject any and all bids in whole or in part and to waive technical defects, irregularities and omissions if in his judgment the best interests of the Nassau Health Care Corporation will be served.
10. Unless otherwise indicated herein, the Director of Purchase reserves the right to make award by items, by classes, by groups of items or as a whole.
11. **DELIVERIES.** Upon failure of the Vendor to deliver within the time specified, or within reasonable time as interpreted by the Director of Purchase, or failure to make replacement of rejected articles, when so requested immediately or as directed by the Director of Purchase. The Director of Purchase may purchase from other sources to take the place of the item rejected or not delivered. The Director of Purchase reserves the right to authorize immediate purchase from other sources against rejections on any order when necessary. On all such purchases the Vendor agrees to promptly reimburse the Nassau Health Care Corporation for excess cost occasioned by such purchases. Should the cost be less, the Vendor shall have no claim to the difference. Such purchases will be deducted from order quantity.
12. An order may be cancelled at the Vendor's expense upon nonperformance. Failure of the Vendor to furnish additional surety within ten (10) days from date of request shall be sufficient cause for the cancellation of the order.
13. When in the determination of the Director of Purchase, the articles or equipment delivered fail to meet Nassau Health Care Corporation specifications or, if in the determination of the Director of Purchase, the Vendor consistently fails to deliver as ordered, the Director of Purchase, reserves the right to cancel the order and purchase the balance from other sources at the Vendor's expense.
14. Delivery must be made as ordered and in accordance with the bid. If delivery instructions do not appear on order, it will be interpreted to mean prompt delivery. The decision of the Director of Purchase, as to reasonable compliance with delivery terms shall be final. Burden of proof of delay in receipt of order shall rest with the Vendor.
15. The Nassau University Medical Center will not schedule any deliveries for Saturdays,

- Sundays or Legal Holidays, except commodities required for daily consumption or where the delivery is an emergency, a replacement, or is overdue, in which event the convenience of the Agency will govern.
16. Supplies shall be securely and properly packed for shipment, according to accepted commercial practice, without extra charge for packing cases, keels, bailing or sacks, the containers to remain the property of the Agency unless definitely stated otherwise in the bid.
17. The Vendor shall be responsible for delivery of supplies in good condition at point of destination. The Vendor shall file all claims with carrier for breakage, imperfections and other losses, which will be deducted from invoices. The receiving Agency will note for the benefit of Vendor when packages are not received in good condition.
18. All supplies which are customarily labeled or identified must have securely affixed thereto the original unmitigated label or marking of the manufacturer.
19. Billings for deliveries must be submitted in detail to Accounts Payable.
20. Furniture, machines, and other equipment must be delivered, installed and set in place as directed, ready for use unless otherwise specified.
21. Deliveries are subject to reweighing at destination by the Nassau Health Care Corporation and payment will be made on the basis of net weight of materials delivered. Normal shrinkage will be allowed in such instances where shrinkage is possible. Short weight shall be sufficient cause for cancellation of order at Vendor's expense.
22. **GUARANTEES BY BIDDER.** Bidder hereby guarantees: (a) To save the Nassau Health Care Corporation, its agents and employees harmless from liability of any nature or kind for the use of any copyrighted or uncopyrighted composition, social process, patented or unpatented invention, article or appliance furnished or used in the performance hereof of which the Bidder is not the Patentee, assignee or licensee, and to defend any action brought against the Nassau Health Care Corporation in the name of the Nassau Health Care Corporation and under the direction of the Nassau Health Care Corporation Attorney at the sole cost of the Bidder or in the sole option of the Director of Purchase, to pay the cost of such defense to the Nassau Health Care Corporation;
- (b) His products against defective material or workmanship and to repair or replace any damages or marring occasioned in transit;
- (c) To furnish adequate protection from damage for all work and to repair damages of any kind, for which he or his workmen are responsible, to the building or equipment, to his own work or to the work of other Vendors, or in the opinion of the Director of Purchase, to pay for the same by deductions in payments due under this contract;
- (d) To pay for all permits, licenses and fees and give all notices and comply with all laws, ordinances, rules and regulations of the city, village or town in which the installation is to be made, and of the County of Nassau and the State of New York;
- (e) To carry proper insurance in the opinion of the Director of Purchase, and approved by the Nassau Health Care Corporation Attorney to protect the Nassau Health Care Corporation from loss in case of accident, fire and theft;
- (f) That he will keep himself fully informed of all municipal ordinances and regulations, state and national laws in any manner affecting the work or goods herein specified, and any extra work contracted for by him, and shall at all times observe and comply with said ordinances, laws and regulations, including all provisions of the Workmen's Compensation and Labor Laws, and shall indemnify and save harmless the Nassau Health Care Corporation from loss and liability upon any and all claims on account of any physical injury to persons, including death, or damage to property and from all costs and expenses in suits which may be brought against the same on account of such injuries irrespective of the actual cost of the same and irrespective of whether the same shall have been due to the negligence of the Bidder or his agents or the Nassau Health Care Corporation or their respective agents;
- (g) That the items furnished shall conform to all the provisions of the bid and this warranty shall survive acceptance, or use of any material so furnished;
- (h) That all deliveries will not be inferior to the accepted bid sample.
23. **LABOR LAWS and ANTI-DISCRIMINATION.** Upon the vendor's acceptance hereof, the vendor agrees to comply with Article IX, Section 2C of the Constitution of the State of New York, Section 22b, 220a, 220b, 220d, 220e and 230 of the Labor Law, Section 5 and 12 of the Lien Law, Article 2 of the Uniform Commercial Code, Section 108 and 109 as well as Article 18 of the General Municipal Law, Section 22-4.2 of the Nassau County Administrative Code, the provisions of the Anti-Discrimination Order of Nassau County, and the vendor shall keep himself fully informed of all additional municipal ordinances and regulations, State and National Laws in any manner affecting this order and the goods or services delivered or rendered or to be delivered or rendered thereunder, and shall at all times observe and comply with said ordinances, laws and regulations at his sole cost and expense.
24. **ASSIGNMENT.** The contractor is hereby prohibited from assigning, transferring, conveying, subletting or otherwise disposing of this contract or of his right, title, or interest therein, or his power to execute such contract to any other person or corporation without the previous consent in writing of the officer, board or agency awarding the contract.
25. The Nassau Health Care Corporation will not be responsible nor liable for any shipment or delivery of any materials, supplies, or equipment without its' express written instructions or valid Purchase Order.
26. No agreements, changes, modifications or alterations shall be deemed effective nor shall the same be binding upon the Nassau Health Care Corporation unless in writing and signed by the Director of Purchase, or his duly designated representative.

TITLE _____

The director reserves the right to cancel any Blanket Order at any time giving not less than 30 days notice that, on or after a date therein specified, the Blanket Order contract shall be deemed terminated and cancelled.

4.

DELIVERY: Shall be made **ONLY** upon receipt of a Purchase Order, or in the case of a Blanket Order, upon receipt of a Delivery Order(s) from a using agency authorized to use the Blanket Order. Purchase Order (s) / Delivery Order(s) shall indicate the destination address. Inside delivery is required on all deliveries.

5.

BILLING: Shall be made to the using agency upon deliveries made against applicable Purchase Order(s), Delivery Order(s).

5A.

PARTIAL PAYMENTS: Partial payments will be allowed on each delivered and accepted shipment. It is at the discretion of the Nassau Health Care Corporation as to whether it is in the best interest of the Corporation to do so. The decision of the Director of Purchase or his designee will be final in this determination.

6.

APPROXIMATE QUANTITIES: The estimated usage quantities or estimated annual dollar value, when indicated are merely estimates based on experience or anticipated usage and are given for information purposes only. The NHCC will **NOT** be compelled to order any amount of any respective item. Contracts, however, shall be for the quantities actually ordered by the using agency during the period specified.

7.

ADDITIONAL BIDS: The NHCC Purchasing Department reserves the right to call for new bids, whenever, in the opinion of the Director, it is in the best interests of the NHCC to do so.

8.

FIRM PRICES: Prices shall remain firm for a period of one (1) year from the issuance of this contract. No upward escalation or changes will be allowed.

No changes, modifications, or alterations to this contract shall be deemed effective nor shall the same be binding upon the Nassau Healthcare Corporation unless in writing and signed by the Director of Purchase, or his duly authorized representative.

In any event, when prices to the trade are decreased, the prices of applicable items in the Blanket Order shall be decreased accordingly. It shall be incumbent on the Contractor to notify the Director immediately after it becomes effective.

8A.

PRICE CHANGES, GOVERNMENT CONTRACTS: Prices shall remain firm for the first year of any Blanket Order issued as a piggyback to a government or group purchasing organization contract. Thereafter, price changes to reflect those in effect for the underlining contract may be requested by the Contractor. The request for price changes should be accompanied by copies of published announcements. However, the decision to grant the request will rest solely with the Director.

9.

17. **SHIPPING CHARGES:** All bids must be F.O.B. Destination and include delivery within doors unless otherwise specified. The NUMC and its Divisions acknowledges that if an emergency shipment (overnight, Saturday delivery etc.) is required and requested by the using department, such shipping charges would be paid by the using department on a "Prepay Shipping Charges and Add to Invoice" basis.

18. **BID SECURITY:** Each bidder shall submit with their bid offer at the date and time scheduled for the bid opening, a **CERTIFIED CHECK OR BID SECURITY** payable to the NASSAU HEALTH CARE CORP., for **ten percent (10%) of the base Bid value (value of Proposal Page)**. Upon receipt of the signed acknowledgment copy of any Purchase or Blanket Order by the Department of Purchase issued hereunder, bid security will be returned. The bid security of unsuccessful bidders will be returned after an award is made.

19. **SURETY:** In the event an award is made hereunder, the successful bidder hereby agrees to obtain and file with the NHCC, security in the **amount of 100% of the bid, including any accepted alternates**, also in accordance with the form provided in the Attachment, to be entrusted to the NHCC as reflected in the award. Such security shall guarantee the faithful performance of the contract, if required by the Director or his designee, with the understanding that the whole or any part thereof may be used by the NHCC to supply any deficiency that may arise as a result of default of the Contractor.

20. **WARRANTY:** The successful bidder warrants the equipment furnished and all associated equipment against any defects in design, workmanship and materials against failure to operate satisfactorily for one (1) year from the date of acceptance by the using department and/or agency of the equipment, other than defects or failure shown by the Contractor that have arisen solely from accident or abuse occurring after delivery to the NHCC agency. Contractor agrees to replace any parts, which in the opinion of the user, shall fail from the above reasons.

IMPORTANT NOTES: *If a company policy or trade practice requires a different warranty period, the bidder may so state without fear of disqualification. However, the bidder is cautioned that the length of warranty may, in some cases, be a deciding factor in making an award.*

Equipment furnished hereunder shall meet the standards set forth in the Occupational Safety and Health Act of 1970.

21. **REPLACEMENT PARTS:** The requirements specified herein represent, for the most part, replacement and/or repair components to existing and presently owned equipment, and must match and intermember without modification with the equipment and systems indicated.

22. **NON-ASSIGNMENT:** In accordance with Section 138 of the State Finance Law, the contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the previous consent, in writing, of the NHCC and any attempts to assign the contract without the NHCC's written consent are null and void.

23. **AWARD:** The Director reserves the right to make an award on an individual line item basis, by groups of items or as a whole, or NOT AT ALL, whichever the Director deems to be in the best interest of the NHCC.

IMPORTANT NOTE: *Any Blanket Order initiated from this bid shall be non-exclusive and the NHCC SHALL NOT BE BOUND TO PURCHASE, and no items are to be delivered without a Delivery Order. The NHCC shall be under NO OBLIGATION to issue such Delivery Order(s). Furthermore, any Blanket Order initiated from this bid shall be available for use by any authorized NHCC Division.*

REDUCTION IN PRICES: If an award is made, the Contractor agrees, should prices be reduced to the general trade during the requirement period, the NHCC shall receive the benefit of such reduction immediately upon effect. It shall be incumbent upon the Contractor to notify the NHCC of such price reductions.

25.

PRICE PROTECTION: Bidders are required to state period of price protection (in terms of days) in addition to the sixty (60) days required (as stated on page one) after bid opening.

STATE PRICE PROTECTION PERIOD: _____ **DAYS AFTER BID OPENING**

26.

EXPIRATION DATING: All products shipped must have a minimum of a six (6) month expiration date from the date of delivery to the using agency. For products that have less than a six (6) month expiration date from time of manufacture, the longest possible expiration date must be supplied to the using agency.

27.

DETAILED SPECIFICATIONS: Proposals submitted hereunder shall be in accordance with detailed specifications set forth in this bid, the contract documents, or, as an attachment and made part hereof. The contract documents are complementary, and what is called for by any one shall be binding as if called for by all.

Any and all work shown on drawings, which is not referred to in the specifications, and any and all work covered in the specifications which is not shown on the drawings, shall be included by the Contractors as part of their contracts, the same as work that is both shown on the drawings and covered in the specifications.

The intent of the documents is to include all labor and materials, equipment, and transportation necessary for the proper execution of the complete finished work.

No oral statement of any person shall be allowed in any manner or degree to modify or otherwise affect the terms of the contract.

Contract Documents shall include the Notice to Bidders, Instructions to Bidders, Sealed Bid Terms and Conditions, Technical Specification, Specifications, Special Conditions, New York State Wage Scales, Architect and engineering Specifications, Bid Bond, Agreements, Drawings, including all modifications thereof properly incorporated therein by reference or otherwise. These constitute the Contract Documents and are collectively referred to as the Contract.

The term "Drawings" wherever referred to the Contract Documents shall include, in addition to those listed in the documents, such additional scale and full sized detail drawings as will be furnished by or through the architects, to amplify the drawings listed.

Should any question or disagreement arise concerning the meaning of drawings or specifications, such questions or disagreement shall be settled by the Director, whose decision, in writing, shall be final.

If there are any terms, clauses, specifications, and/or conditions in any of the attached documents or those submitted by bidders, that are in conflict with those found in this Formal Sealed Bid Proposal, then it will be the terms and conditions of this Formal Sealed Bid that shall apply.

IMPORTANT NOTE: Such specifications are representative of the type of items(s) required. The Director reserves the right to accept item(s) with different specifications or methodologies if in his opinion, the item(s) offered can satisfy the needs of the using department(s). Furthermore, any alternate item(s) offered can be rejected if they fail to meet the specifications of the item(s) specified in this bid.

It is further agreed to and stipulated by the parties hereto, that the provisions of this paragraph shall survive this agreement and the Contractor agrees to remain bound by the terms of said paragraph for as long as the records and/or information developed hereunder exists.

38.

TERMINATION PREROGATIVE:

The Director reserves the right to cancel the Blanket Order or Purchase Order issued via the award of this sealed bid, in whole or in part without reason provided that the contractor is given at least thirty (30) days written notice that, on or after a date therein specified, the contract shall be deemed terminated and canceled. This provision should not be understood as waiving the Nassau Health Care Corporation's right to terminate the contract for cause or stop work immediately for unsatisfactory work, but is supplemental to that provision.

39.

LABOR LAW:

Any Purchase or Blanket Order awarded as a result of this bid is subject to the provisions of the New York State Labor Law and the Contractor will be required to pay the prevailing wage rate as published by the New York State Department of Labor. An updated New York State Schedule of Prevailing Hourly Wage Rates for this contract has been applied for and should be attached. If the updated schedule has not been received at the time of this bid, they will be attached and made part of this bid prior to the execution of a contract. Until the revised Wage Rate Schedules are made part of this bid, the Prevailing Wage Rates apply.

If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its Subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its Subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law.

The Contractor and each Subcontractor shall furnish to the NHCC, with every application for payment, a certified copy of his payroll and also any other information required by the NHCC to satisfy the provisions of the New York State Labor Law as to the hours of employment and rates of wages are being observed.

Every Contractor on a Public Works Contract to which NHCC is party shall, on behalf of its employees, Subcontractors, employees of Subcontractors and independent contractors and Subcontractors, submit a transcript of its original payroll record for all work performed by the Contractor to the **Planning Department of the NHCC, 2201 Hempstead Turnpike, East Meadow, NY 11554**, within thirty (30) days after the issuance of its first payroll, and every thirty (30) days thereafter. Submissions shall be in such a form as to comply with Section 220 of the New York State Labor Law.

The Omnibus Procurement Act of 1992 requires that by signing this bid proposal or contract, as applicable, Contractors certify that whenever the total bid amount is greater than \$1 million:

(a) The Contractor has made reasonable efforts to encourage the participation of New York State Business Enterprises as suppliers and subcontractors, including certified minority and women owned business enterprises, on this project, and has retained the documentation of these efforts to be provided upon request to the State;

(b) The Contractor has complied with the Federal Equal Opportunity Act of 1972 (P.L. 92-261), as amended;

(c) The Contractor agrees to make reasonable efforts to provide notification to New York State residents of employment opportunities on this project through listing any such positions with the Job Service Division of the New York State Department of Labor, or providing such notification in such manner as is consistent with existing collective bargaining contracts or agreements. The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

RECIPROCITY AND SANCTIONS PROVISIONS

Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383 respectively) require that they be denied contracts which they would otherwise obtain. Contact the Department of Economic Development, Division for Small Business, 30 South Pearl Street; Albany New York 12245, for a current list of jurisdictions subject to this provision.

OBJECTIONS TO SOLICITATION AND AWARD

Any objections to the terms of this sealed bid, once released in final form, or to the conduct of receipt, evaluation, or award of sealed bid must be presented in writing within ten calendar days of (1) the release of this solicitation, or (2) the date the objector knows or should have known the basis for its objection. Objections shall be provided in letter format, clearly stating that it is an objection to this solicitation or to the conduct of evaluation or award of sealed bid, and providing a clearly detailed factual statement of the basis for objection. Failure to comply with these directions is a basis for summary dismissal of the objection. Mail objections to the address listed in the sealed bid delivery information.

VENDOR RESPONSIBILITY CRITERIA

The director reserves the right, before making an award, to make investigations as to whether or not the qualifications, services, facilities or items offered by the bidder meet the requirements set forth herein and are ample and sufficient to ensure the proper performance in the event of an award. The bidder must be prepared, if requested by the Director of Purchasing, to represent evidence of experience, ability, financial standing as well as a statement as to plant, machinery, trained personnel and capacity for the rendition of the service on which the vendor is bidding. Upon request of the Director, the successful bidder shall file certification from the manufacturers relative to authorization, delivery, service and guarantees. If it is found that the conditions of the bid are not complied with or that the services or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications, financial standing, or facilities are not satisfactory, the Director may reject such bids. It is distinctly understood, however, that nothing in the forgoing shall mean or imply that it is obligatory upon the Director to make any examinations before an award, and it is further understood that, if such examination is made, it in no way relieves the bidder from fulfilling all requirements and conditions of the bid.

The clauses contained in these bid forms set forth the wishes of the NHCC in regard to the purchase and/or installation required. However, the Director reserves the right to waive irregularities, omission, or other technical defects if, in its judgment, the best interest of the NHCC will be served accordingly.

SAMPLES

Bidder Supplied Sample(s) The Director reserves the right to request from the bidder/contractor a representative sample(s) of the product offered at any time prior to or after award of a contract. Unless otherwise instructed, samples shall be furnished within the time specified in the request. Untimely submission of a sample may constitute grounds for rejection of bid or cancellation of the contract. Samples must be submitted free of charge and be accompanied by the bidder's name, address, and any descriptive literature relating to the sample. Where applicable, samples must be properly labeled with the appropriate bid/contract reference.

A sample may be held by the Director during the entire term of the contract and for a reasonable period thereafter for comparison with deliveries. At the conclusion of the holding period the sample, where feasible, will be returned as instructed by the bidder, at the bidder's expense and risk. Where the bidder has failed to fully instruct the Director as to the return of the sample (i.e. mode and place of return etc.) or refuses to bear the cost of its return, the sample shall become the sole property of the receiving entity at the conclusion of the holding period.

Conformance with Sample(s) Submission of a sample (whether or not such sample is tested by, or for, the Director) and approval thereof shall not relieve the Contractor from full compliance with all conditions and terms, performance related and otherwise, specified in the bid documents. If in the judgment of the Director the sample or product submitted is not in accordance with the specifications or testing requirements prescribed in the bid documents, the Director may reject the bid. If an award has been made, the Director may cancel the contract at the expense of the Contractor.

Testing All samples are subject to tests in the manner and place designated by the Director, either prior to or after contract award. Unless otherwise stated in the bid specifications, bidder sample(s) consumed or rendered useless by testing will not be returned to the bidder.

Enhanced Sample(s) When an approved sample exceeds the minimum specifications, all products delivered must be of the same enhanced quality and identity as the sample. Thereafter, in the event of a Contractor's default, the Director may procure a commodity substantially equal to the enhanced sample from other sources, charging the Contractor for any additional costs incurred.

IMPORTANT NOTE: The Director reserves the right to accept or reject any and all bids, or separable portions of offers, and waive technicalities, irregularities, and omissions if the Director determines the best interests of the NHCC will be served. The Director, in his sole discretion, may accept or reject illegible, incomplete or vague bids and his/her decision shall be final. A conditional or revocable bid which clearly communicates the terms or limitations of acceptance may be considered and contract award may be made in compliance with the bidder's conditional or revocable terms in the offer. Prior to award, the Director reserves the right to seek clarifications, request bid revisions, or to request any information deemed necessary for proper evaluation of bids from all bidders deemed to be eligible for contract award. Failure to provide requested information may result in rejection of the bid.

Procurement Law Requirements

State Finance Law §§ 139-j and 139-k (collectively, the "Procurement Requirements") apply to this sealed bid. The Procurement Requirements (1) govern permissible communications between potential respondents and NHCC with respect to this sealed bid during the procurement process; and (2) establish sanctions for knowing and willful violations of the provisions of the Procurement Requirements, including disqualification from eligibility for an award of any contract pursuant to this solicitation.

Compliance with the Procurement Requirements requires that (a) all communications regarding this sealed bid, from the issuance of this sealed bid through final award and approval of any resulting contract (the "Restricted Period"), be conducted only with the buyer listed on the first page of this bid; (b) the completion by respondents of the Offerer Disclosure of Prior Non-Responsibility Determinations and the Offerer's Affirmation of Understanding of and Agreement pursuant to State Finance Law, copies of which are attached to this sealed bid as attachments to Appendix A, and (c) periodic updating of such forms during the term of any contract resulting from this sealed bid. Respondents must submit both of these forms, properly completed, as part of their proposals. The Procurement Requirements also require NHCC employees to obtain and report certain information when contacted by prospective bidders during the Restricted Period, make a determination of the responsibility of bidders and make all such information publicly available in accordance with applicable law. If a prospective bidder is found to have knowingly and willfully violated the State Finance Law provisions, that prospective bidder and its subsidiaries, related or successor entities will be determined to be a non-responsible bidder and will not be awarded any contract issued pursuant to this sealed bid.

A copy of the State Finance Law Sections 139-j and 139-k can be found at <http://www.ogs.state.ny.us/aboutogs/regulations/advisoryCouncil/StatutoryReferences.html>. All potential Respondents are solely responsible for full compliance with the Procurement Requirements.

Offerer Disclosure of Prior Non-Responsibility Determinations**Background:**

Under New York State Finance Law § 139-k (2), covered governmental entities are obligated to obtain specific information regarding prior non-responsibility determinations. In accordance with State Finance Law §139-k, an Offerer must be asked to disclose whether there has been a finding of non-responsibility made within the previous four (4) years by a Governmental Entity due to: (a) a violation of State Finance Law §139-j or (b) the intentional provision of false or incomplete information to a Governmental Entity. The terms "Offerer" and "Governmental Entity" are defined in State Finance Law §139-k (1). State Finance Law §139-j sets forth detailed requirements about the restriction on Contacts during the procurement process. A violation of State Finance Law §139-j includes, but is not limited to, an impermissible Contact during the restricted period (for example, contacting a person or entity other than the designated contact person, when such Contact does not fall within one of the exemptions).

As part of its responsibility determinations, a covered governmental entity must consider whether an Offerer fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any Offerer that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the Offerer is necessary to protect public property or public health safety, and that the Offerer is the only source capable of supplying the required Article of Procurement within the necessary timeframe.

Instructions:

A Governmental Entity must include a disclosure request regarding prior non-responsibility determinations in its solicitation of proposals or bid documents or specifications or contract documents, as applicable, for procurement contracts. The attached form is to be completed and submitted by the individual or entity seeking to enter into a Procurement Contract.

1. Design and function of the new structure.
2. Assessment of environmental risks for airborne disease and opportunities for prevention.
3. Measures to contain dust and moisture during construction.

B - The following disciplines are included:

1. Engineering Department
2. Medical Director and Manager of the involved and adjacent patient care areas
3. Safety and Security Department
4. Infection Control Department
5. Planning Department / Architects
6. Project Managers

C - Responsibility and Accountability

1. Coordinate members' input in developing a comprehensive project management plan.
2. Conduct a risk assessment of the project to determine potential hazards to susceptible patients.
3. Prevent unnecessary exposure of patients, visitors and staff.
4. Oversee all infection control aspects of construction activities
5. Establish site-specific infection control protocols for specialized areas.
6. Ensure compliance with construction standards and any applicable safety regulations.
7. Establish a mechanism to correct problems quickly.
8. Implement "interim life safety measures" as required

Contractor Certification Form (ST-220)**

TAX LAW § 5-A

Tax Law § 5-a, is effective with all solicitations to purchase issued by covered agencies on or after January 1, 2005. It applies to contracts where (1) the total amount of such persons' sales delivered into New York State are in excess of \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and with respect to any affiliates, subcontractors, or affiliates of subcontractors whose sales delivered into New York State exceeded \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and (2) the contracts or agreements with state agencies or public authorities for the sale of commodities or services have a value in excess of \$15,000. This law imposes upon certain contractors the obligation to certify whether or not the contractor, its affiliates, its subcontractors and affiliates of the subcontractors are required to register to collect state sales and compensating use tax. Where required to register, the contractor must also certify that it is, in fact, registered with the Department of Taxation and Finance (DTF). The law prohibits the Comptroller, or other approving agency, from approving a contract awarded to a vendor meeting the registration requirements but who is not so registered in accordance with the law.

Contractor certification forms and instructions for completing the forms are attached to this bid. Proposed contractors should complete and return the certification forms within two business days of request (if the forms are not completed and returned with bid submission). Failure to respond timely may render a bidder non-responsive and non-responsible. Bidders shall take the necessary steps to provide properly certified forms, within a timely manner to ensure compliance with the law.

Vendors may call the Tax Department at 1-800- 972-1233 for any and all questions relating to Tax Law § 5-a and relating to a company's registration status with the Tax Department. For additional information and frequently asked questions, please refer to the Department of Tax and Finance web site: http://www.nystax.gov/sbc/nys_contractors.htm .

Nassau Health Care Corporation reserves the right to terminate this contract in the event it is found that the certification filed by the Contractor in accordance with § 5-a of the Tax Law is not timely filed during the term of the contract or the certification furnished was intentionally false or intentionally incomplete. Upon such finding, Nassau Health Care Corporation may exercise its termination right by providing written notification to the Contractor.

Instructions

General information

On August 20, 2004, New York State enacted section 5-a of the Tax Law requiring persons awarded contracts valued at more than \$15,000 with state agencies, public authorities or public benefit corporations to certify that they, their affiliates, their subcontractors, and the affiliates of their subcontractors have a valid certificate of authority to collect New York State and local sales and compensating use taxes. A contractor, affiliate, subcontractor or affiliate of a subcontractor must be certified as having a valid certificate of authority if such person makes, or has made, aggregate sales delivered within New York State of more than \$300,000 during the four quarterly periods ending on the last day of February, May, August, and November which immediately precede the quarterly period in which this certification is made. A contractor must use Form ST-220, *Contractor Certification*, to make this certification before the contract may be approved by the Office of the State Comptroller (OSC), or other contract approver if OSC is not required to approve the contract.

This statute applies to contracts resulting from solicitations to purchase issued by governmental entities on or after January 1, 2005. In the case of contracts resulting from issuance of an invitation for bid (IFB) or a request for proposal (RFP), the statute would apply if the IFB or RFP was first issued on or after January 1, 2005. The statute would not apply if the bid document was first issued before January 1, 2005, even if the bid document was amended, or the resulting contract was awarded, approved, amended, or extended after January 1, 2005.

The statute does not apply to purchases from preferred sources. For additional information, please see Publication 222, *Questions and Answers Concerning Tax Law Section 5-a*.

Definition of terms associated with section 5-a

The following is a partial list. Please see Publication 222 for additional information.

A *contractor* is defined as a person awarded a contract by a covered agency.

The term *person* is defined as any entity in business for either profit or not-for-profit purposes and can refer to an individual, partnership, limited liability company, society, association, joint stock company, or corporation.

A *covered agency* is defined as New York State or any department, board, bureau, commission, division, office, council or agency of New York State; public authorities and public benefit corporations. The State Legislature, the judiciary, Department of Law, Office of State Comptroller, State Education Department, State University of New York and the senior colleges of City University of New York are included in this definition.

An *affiliate* is an entity which, through stock ownership or any other affiliation, directly, indirectly or constructively, controls another entity, is controlled by another entity, or is, along with another entity, under the control of a common parent company.

A *subcontractor* is an entity specifically engaged by a contractor or another subcontractor to provide commodities or perform services necessary to allow a contractor to fulfill a particular contract with a covered agency.

Commodities means, other than with respect to contracts for State printing, material goods, supplies, products, construction items or other standard articles of commerce other than technology which are the subject of any purchase or other exchange.

Tangible personal property means physical personal property, of any nature, that has a material existence and is perceptible to the human senses. Tangible personal property includes, without limitation: (1) raw materials, such as wood, metal, rubber and minerals; (2) manufactured items, such as gasoline, oil, diesel motor fuel and kero-jet fuel, chemicals, jewelry, furniture, machinery and equipment, parts, tools, supplies, computers, clothing, motor vehicles, boats, yachts, appliances, lighting fixtures, building materials; (3) pre-written off-the-shelf software; (4) artistic items such as sketches, paintings, photographs, moving picture films and recordings; (5) animals, trees, shrubs, plants and seeds; (6) bottled water, soda and beer; (7) candy and confections; (8) cigarettes and tobacco products; (9) cosmetics and toiletries; (10) coins and other numismatic items, when purchased for purposes other than for use as a medium of exchange; (11) postage stamps, when purchased for purposes other than mailing; and (12) precious metals in the form of bullion, ingots, wafers and other forms.

Completing Form ST-220 Identification information

Contractor name: Enter the exact legal name of the person or entity who is contracting to provide commodities or services to a covered agency of New York State. This is the name registered with the New York Department of State.

Contractor's principal place of business: Enter a street address, not a PO box number.

Mailing address: Enter the address where contractor receives mail, if different than the principal place of business.

Contracting state agency: Enter the state agency awarding the contract to the contractor.

Certification statement: If the contractor is a corporation, the statement must be completed by the president, vice president, treasurer, assistant treasurer, chief accounting officer, or other officer authorized by the corporation. If the contractor is a partnership, the statement must be completed by a partner or person authorized by the partnership. If the contractor is a limited liability company, the statement must be completed by a member of the LLC and be authorized by the LLC.

Part I - Contract services not pursuant to Tax Law section 5-a

If the services to be performed under the contract are not services within the meaning of Tax Law section 5-a, mark an X. You do not have to complete Parts II through V. You must sign and have the certification acknowledged.

For procurement law purposes, *services* means, other than with respect to contracts for State printing, the performance of a task or tasks and may include a material good or a quantity of material goods, and which is the subject of any purchase or other exchange. For procurement law purposes, technology is a service. The term *services* for procurement law purposes does not apply to contracts for architectural, engineering or surveying services, or to contracts with not-for-profit organizations approved in accordance with Article eleven-B of the State Finance Law.

The term *taxable services* for New York State and local sales and compensating use tax law purposes includes, but is not limited to:
1) providing information by printed, mimeographed or multigraphed matter or by duplicating written or printed matter in any other

Page 6 of 6 ST-220 (1/05)

manner; 2) processing, assembling, fabricating, printing or imprinting tangible personal property furnished by a customer who did not purchase the tangible personal property for resale; 3) installing, maintaining, servicing, or repairing tangible personal property that is not held for sale by the purchaser of the service in the regular course of business (for example, servicing automobiles, installing appliances, and repairing radio and television sets); 4) storing tangible personal property that is not being held for sale; 5) renting safe deposit boxes, vaults, and similar storage facilities; 6) maintaining, servicing, or repairing real property both inside and outside buildings (for example, cleaning, painting, gardening, snow plowing, trash removal, and general repairs); 7) providing parking, garaging, or storing services for motor vehicles; 8) interior decorating and designing; 9) protective or detective services; and 10) entertainment or information services provided by means of telephony or telegraphy.

Parts II through V

If the contract is covered under Tax Law section 5-a, you must mark an *X* in one box in each of these parts. You must also sign and have the certification acknowledged, and complete Schedule A.

Schedule A

Column A - Relationship to the contractor

The contractor should enter a *C*. It is not necessary for the contractor to complete columns C through E since this information has been provided on page 1.

COOPER LIGHTING - METALUX® 

DESCRIPTION

ArcLine is a premium grade specification lensed troffer series. This innovative, high quality luminaire is dedicated to the latest solid state lighting and driver technology for optimal performance and energy efficiency. The ArcLine is compatible with all of today's popular ceiling systems and is available with a number of options and accessories for application versatility.

The ArcLine series features efficiency, quality and performance. The series is an excellent choice for commercial office spaces, schools, hospitals or retail merchandising areas.

SPECIFICATION FEATURES

Construction

Rigid housing is die formed of code gauge prime cold rolled steel and features full length die-formed stiffeners and unibody endplate for added strength. Side flanges are hemmed. Innovative design provides superior lens brightness uniformity and visual comfort. Unibody endplates are securely attached with interlocking tabs and screws. Four auxiliary fixture end suspension points provided. Ample KOs are provided for continuous row wiring. Endplates have integral Grid-lock feature for safety and convenience.

Controls

The ArcLine LED is equipped standard with a 0-10V continuous dimming driver that works with any standard 0-10V control/dimmer. Combine with energy-saving products like occupancy sensors, daylighting controls, and lighting relay panels from Cooper Controls (www.coopercontrol.com) to maximize energy savings.

Electrical

Long-Life LED system coupled with electrical driver to deliver optimal performance. LED's available in 3000k, 3500k or 4000k with a CRI ≥ 85. Projected life is 50,000 hours at 70% lumen output. cULus listed. Electronic drivers are available for 120-277V applications.

Finish

Multistage, iron phosphate pretreatment ensures maximum bonding and rust inhibition. Housing and ballast cover finished with new 90% reflective white enamel for superior performance.

Hinging/Latching

Positive cam action steel latches with baked white enamel finish. Safety-lock T-hinges allow hinging and latching either side. Door assembly hinges down for easy access from below without tools.

Frame/Shielding

Die formed, heavy gauge, flat steel door with reinforced mitered corners and baked white enamel finish. Positive light seals. Acrylic frosted lens.

Compliance

Modules are UL recognized components and indoor luminaires are cULus listed for 25°C ambient environments, RoHS compliant, and LED modules comply with IESNA LM-79 and LM-80 standards. DesignLights™ Consortium Qualified (high lumen version only). Refer to www.designlights.org Qualified Products List under Family Models for details.

HermanNelson® Classroom Floor Unit Ventilator Model AVS (F Vintage)

Standard Features

- UL/cUL listed.
- ARI Certified chilled water performance. Unit ventilation rate certified and tested per Air Conditioning and Refrigeration Institute (ARI) standard 840. Certified and labeled compliant with the seismic design provisions of the International Building Code (IBC) Chapter 16 and independent test agency requirements of Chapter 17.
- Institutional quality cabinet with durable, textured, charcoal bronze paint finish on top surface. Oven baked powder paint on all other exterior panels.
- Welded chassis constructed from galvanized steel.
- Two, top hinged doors for access.
- Removable bar discharge grille.
- Three individual front access panels provided for ease of maintenance and service.
- All access panels have positive positioning threaded fasteners operated with 5/32" hex wrench.
- Insulated unit back.
- Built in pipe tunnel.
- Leveling legs.
- Rigid, double wall, insulated outdoor air damper made from welded galvanized steel, with mohair end and damper seals in turned over edges.
- Composite drain pan-hand of connection field reversible. Direction of slant can be field modified.
- Room air fan motor and fan shaft have oilable sleeve bearings for quietness and long life.
- Low speed room air fan constructed of injection molded polypropylene for precise, smooth, quiet performance.
- Energy efficient 1/4 H.P. permanent split capacitor (PSC) plug-in room air fan motor fits all size units. Located out of air stream.
- UL listed individual fusing of fan motor and controls.
- Room air motor speed controlled by multi-tap transformer, high-medium-low-off switch.
- MicroTech™ II Controls (Optional) State of the art "MicroTech II" unit controller is a stand alone microprocessor based DDC control device that is pre-engineered, pre-programmed, pre-tested and factory installed. It provides correct sequence of operations and the advantage of one source responsibility.
- Steam coils equipped with vacuum breaker.
- Manual air vent and drain plug on water coils.
- Throwaway filter(s) factory installed in unit.

Condensate Drain Location - All Units

Notes:

1. All coils have same end supply and return connections.
2. Steam coils have a factory installed pressure equalizing line and a 2" (51mm) long pressure equalizing line which terminates in a 1/2" M.P.T. fitting.
3. Steam/hot water connections may be same end as cooling coil connections, but they are recommended to be opposite end to facilitate piping. (Must be opposite end when using Microtech™ controls.)
4. Cooling condensate drain pan is shipped sloped down towards the cooling coil connections but is field reversible.
5. Electric heating coil power connections are right end only. Junction box has 1" (25mm) and 2" (51mm) (trade size) knockouts, 10 1/2" (267mm) from right end of the unit.

Condensate Drain and DX Coil Connections

5. For limitations with coil combinations see table 2-1.
6. Coil connections are 1/2" I.D. (female) and terminate 9" (229mm) from the end of the unit.
7. Steam coils are 1 1/2" female (sweat) connections and terminate 9" (229mm) from the end of the unit.
8. DX coils (G) have O.D. sweat connections. Interconnecting tube by others. See table 1-2 for correct tubing size.
9. All dimensions are approximated.

AAF®-HermanNelson® Classroom Unit Ventilator Models AVS and AHF Steam End of Cycle Valve Selection and Piping for MicroTech™ II with Face and Bypass

Steam End of Cycle Valve

MicroTech Face and Bypass Damper control unit ventilators require a Direct Digital Controller (DDC), End of Cycle (EOC) valve for each steam coil. End of Cycle (or two position) valves are either full open to allow steam to flow through the coil or full closed to shut off the steam flow.

2-Way End of Cycle, Normally Open, Steam Valve Piping

The 2-way End of Cycle steam valve is furnished normally open to the coil. When the valve is de-energized (off) there is full flow through the coil. Energizing the valve reduces the steam flow in the End of Cycle fashion.

~~2-Way End-of-Cycle Valve Specifications~~

Refer to the End of Cycle valve label to determine the direction of flow. The valve should be installed so that there is a 2" (51mm) minimum clearance to remove the actuator from the valve body.

Provide unions for removal of unit coil and/or control valve as a future service considerations.

Steam EOC valves are shipped separate from the unit ventilator itself to help avoid shipping damage to the piping of the connection stub from the weight of the valve, and to provide the installer with maximum flexibility in making the field piping connection.

When using AAF MicroTech II controls, they must be opposite end. The End of Cycle valve accessory must be field installed on the unit for which it was selected.

To Correctly select the proper End of Cycle steam valve:

1. Obtain the supply steam inlet pressure.
2. Determine the actual heat requirement of the space to be heated.
3. Select a valve size (Cv) from Table 1-2 on the basis of taking 10% of the Inlet steam pressure. For example, a system with an inlet pressure of 2 psig, the valve should be sized.

Vertical Blade Louver

The AAF-HermanNelson horizontal blade louver is constructed with horizontal chevron type blades in a rugged frame. Weep holes are located in the exterior side of the frame. Offered in aluminum construction with decorative grille optional. A mesh bird screen is furnished.

The AAF-HermanNelson vertical blade louver is designed for panel wall or masonry wall construction. The vertical blade double-break configuration provides positive water impingement and entrapment. The drip plate must be on the bottom. A mesh bird screen is furnished. Decorative grilles are available.

Horizontal Blade Louver Notes:

- Louvers are available with 16-gauge aluminum frame and 10-gauge aluminum louvers.
- Aluminum louvers and optional grille are either painted or unpainted. They are alloy AQ 5005 suitable for color anodizing by others.
- Bird screen is 1/2" (13mm) x 1/2" (13mm) mesh on all louvers.
- All dimensions are ± 1/16" (± 2mm). See table below for recommended wall opening dimensions.
- Louver intake must not be restricted. Trees, shrubs, etc. must be a minimum of 30" (762 mm) away from louver. Louver must be installed flush with the exterior and oriented to permit water to drain. Louver weep holes must be open for water drainage.

Vertical Blade Louver Notes:

- Louvers are for use with either masonry or panel walls.
- Louvers are available with either 16-gauge aluminum frame and 20-gauge aluminum louvers.
- Aluminum Louvers and optional grille are either painted or unpainted. They are alloy AQ6005 suitable for color anodizing by others.
- Bird screen is 1/2" (13mm) x 1/2" (13mm) mesh on all louvers.

SERIES 5000 ARCHITECTURAL

The series 5000 is a true heavy commercial rated double hung (AAMA DH HC 65). The window has been value engineered to combine a superior design with a very competitive price tag. The 5000A is available in 1" double insulated glass, with narrow sight-line sash members. Using Kassl's patented profile grid (between the glass or applied to the glass), this window system adds an architectural enhancement to any building facade. The Series 5000A is a leader in the aluminum replacement market.

Series 5000 Architectural

SECTION 8520 ALUMINUM WINDOWS

PART 1 - GENERAL

1.01 Work Included

A. Furnish and install aluminum architectural windows complete with hardware and related components as shown on drawings and specified in this section.

B. Double Hung replacement series 5000 A HC 65, as manufactured by the Karey Kassl Corporation, 180 Terminal Drive Plainview, New York, 11803; or approved equal, shall meet or exceed the performance requirements of AAMA/NWWDA 101/I.S.2-97, *Voluntary Specifications for Aluminum, Vinyl (PVC) and Wood Windows and Glass Doors*.

C. The approved manufacturer will be required to furnish performance requirements including structural, water, and air infiltration, and thermal transmittance tests. Complete and detailed shop drawings must also be furnished. Drawings and samples must be submitted 10 (ten) days prior to bid. A well-known testing laboratory in strict conformance to the appropriate ASTM designations shall perform all tests.

D. All windows and other related equipment shall be the products of well-known manufacturer regularly engaged in the manufacturing of high quality window products for at least 10 years.

E. Design of windows and related items shall conform to details on approved shop drawings, fabricated in such manner to fit openings of windows to be replaced and conditions encountered at the buildings.

PART 2 - PRODUCTS

2.01 Materials

A. Alloys- aluminum shall be of commercial quality and free from defects impairing strength and durability. All extruded sections shall be of 6063-T6-aluminum alloy, with minimum tensile strength of 22,000 P.S.I.

B. Window members- Sill frame member shall have nominal thickness of not less than .094" as outlined in ANSI-AAMA 101-85 HC 65. Main frame shall be 3.909" in depth. Sash members shall be 1.680" in depth. All thermally broken frame and sash members shall utilize high density; low thermal conductive poured polyurethane structural thermal material, and shall structurally combine the inner and outer frame and sash sections.

Note: This is a pure thermally divided window (not a thermally stitched window).

C. Fasteners- All screws shall be stainless steel or other non-corrosive metal compatible with aluminum.

D. Hardware-Hardware having component parts exposed shall be aluminum, stainless steel or other non-corrosive material compatible with aluminum. Cadmium or zinc plated steel where used must be in accordance with ASTM specs A165-71 or A164-71.

E. Weather-stripping-Weather-stripping shall conform to AAMA 701.2. Weather-stripping of the 4 sides of operating sash shall be high-density pile with mylar fin seal (except security panels, which shall have vinyl bulb seal).

F. Pivot lock shoes- shall be of molded polycarbonate material. For added strength, the cam within the shoe shall be of glass filled nylon. The shoe shall be designed to securely retain the tilt pin through the entire tilt range: at an angle of 135 degrees the sash can be removed from the interior for repair.

G. Pivot Pins-Pivot pins shall be stainless steel, incased in an aluminum ring full width of each sash.

H. Tilt bolt hardware- shall be molded polycarbonate for maximum strength and durability, and shall contain custodial tilt locks to prevent unwarranted tilting of sash.

I. Balances-Balances of appropriate size and capacity to hold both upper and lower sash stationary in any open position shall be used. Sash balances shall be spiral type as manufactured by Caldwell Mfg. Co., or approved equal, and shall be easily accessible and replaceable in the field without the use of special tools.

PART 3- FABRICATION

3.01 Construction

A. Assembly- the windows shall be assembled in a secure and workman like manner, the frames permitting vertical movement of lower and upper sash. All sash members and frame members where joined shall be butt type, coped, and joined neatly and secured by means of screws anchored in integral ports. All main frame joints to be sealed on the outside with narrow joint sealant meeting AAMA 803-3 specification for joint sealant.

B. The sash shall be butt type mechanically joined so they may be easily repaired. The meeting rail interlock shall consist of two separate and distinct metal interlocks containing finseal weather-stripping as an integral part of both metal interlocks.

B-1 The jamb section must be step type with each sash having a face seal and a side seal.

C. Glazing- The sash shall be designed to accept one (1) inch insulated glass of marine type glazing. Glazing system to use a one-piece gasket, to seal all edges of insulated unit.

D. Screens- Half screens or full screens (double half screens as specified) shall have extruded aluminum frames with corners firmly joined. Frames shall be removable from the interior. Screen cloth to be anodized aluminum standard 18 x 16 mesh, held securely by a vinyl spline.

E. Finish- All aluminum shall be cleaned, degreased and bonderized prior to coating. The coating shall meet AAMA 603.6 requirements for organic coatings applied electro-statically to the aluminum surface with a dry film thickness of no less than .8 mill.

PART 4 - EXTERIOR PANNING SYSTEM

5.01 Materials

A. Exterior panning system shall be extruded prime alloy aluminum 6063-T6 of no less than nominal .078" wall thickness. Aluminum sections shall be of one-piece design to mate around the entire window frame for a weathertight connection, but allow unrestricted expansion and contraction of panning system and window frames.

B. The panning section shall be secured at the corners with approved screws in integral screw ports, with the joints back sealed using a good quality sealant.

C. Exposed screws, fasteners or pop rivets are not acceptable on the exterior of the panning system.

D. Interior trim, closures, and angles shall be specified as detailed and of extruded shapes. They shall be no less than .062" nominal wall thickness. Snap trim shall be supplied in required lengths and attached with clips spaced no more than 16" on center. On all interior trim, no exposed screws will be allowed.

Part 5 - EXECUTION

6.01 Inspection

A. Job Conditions

1. Verify that openings are dimensionally within allowable tolerances, plumb, level, clean, provide a solid anchoring surface and are in accordance with approved shop drawings.

6.02 Installation

A. Use only skilled tradesman with work done in accordance with approved shop drawings.

B. All window mullions, sill, louvers, and trim shall be set in place plumb and true in a workman-like manner and securely braced and fastened in position. The architect and/or owner shall approve all anchoring devices.
