

NASSAU HEALTH CARE CORPORATION

Nassau University Medical Center

Department of Radiology

RFP 2016-025

October 6, 2016

Question answers bidding purposes

TELERADIOLOGY

Volume assumptions per year based upon hours of coverage from 8:00 pm to 8:00 am

- | | |
|-------------------------|----------------|
| 1. Cat Scan | 10,000 studies |
| 2. MRI | 100 studies |
| 3. Diagnostic Radiology | 8,000 studies |

Vendor must provide an interface to Sunquest Radiology (RIS). Sunquest will send report data to E-Link, and through E-Link, connect to downstream hospital systems (HIS, FIS, etc) where reports should be accessible.
