## INVITATION TO CONTINUING MEDICAL EDUCATION

The Department of Medicine is committed to providing you with a continuing medical education lecture series, which offers new insights into Internal Medicine and reinforces fundamental aspects of medical science. These lectures are designed to meet the needs of the practitioners of internal medicine for currency in this specialty field. Faculties are respected leaders and have been selected for expertise in their respective fields.

The department is proud of its Visiting Professor Program, which allows each guest to conduct case oriented teachings that interact with medical staff on a more personal basis. This provides an intensive didactic supplement for residents and fellows in training as well as comprehensive board review for physicians preparing for certification. I cordially invite your participation in this exciting program.
