Nassau University Medical Center is pleased to provide this information about your vision care plan administered by Davis Vision, Inc., a leading national administrator of vision care programs. Eligibility for vision care benefits is determined by the same rules that apply to your health care benefits.

How do I receive services from a provider in the network?

- Call the network provider of your choice and schedule an appointment.
- Identify yourself as a Davis Vision member and Nassau University Medical Center employee or dependent.
- Provide the office with the member ID number and the name and date of birth of any covered dependent* needing services.

* Note: Dependent children are covered for vision benefits up to age 25 if enrolled as a full time student. Proof of student status must be sent to Davis Vision.

It's that easy! The provider's office will verify your eligibility for services, and claim forms or ID cards are not required!

Who are the network providers?

They are licensed providers in both private practice and retail locations who are extensively reviewed and credentialed to ensure that stringent standards for quality service are maintained. Please access Davis Vision's website at www.davisvision.com and utilize the "Find a Doctor" feature, or call **1.800.999.5431** to access the Interactive Voice Response (IVR) Unit, which will supply you with the names and addresses of the network providers nearest you.
