Are VDT eyeglasses covered?*

Employees who have enrolled in the VDT plan may select one pair of eyeglasses for use with their Video Display Terminal every twenty-four (24) months in conjunction with their regular (dress) eyewear in network only. Please contact your Personnel office for information on enrolling for VDT benefits.

What about out-of-network provider benefits?*

You may receive services from an out-of-network provider, although you will receive the greatest value and maximize your benefit dollars if you select a provider who participates in the network. If you choose an out-of-network provider, you must pay the provider directly for all charges and then submit a claim for reimbursement to:

Vision Care Processing Unit
P.O. Box 1525
Latham, NY 12110

Only one claim per service may be submitted for reimbursement each benefit cycle. To request claim forms, please visit the Davis Vision website at www.davisvision.com or call 1.800.999.5431.

May I use the benefit at different times?*

All available services must be received at one time. Services may not be received at both a participating and non-participating provider, or at different times. VDT eyewear must be received at a network provider.

When will I receive my eyewear?*

Generally, your eyewear will be delivered to your provider from the laboratory within five business days. More delivery time may be needed when out-of-stock frames, anti-reflective coating, specialized prescriptions or a participating provider’s frame is selected.

* These lens options and copays apply to in-network benefits only.
** These lens options and copays apply to in-network benefits only.
*** Progressive addition multifocals can be worn by most people. Conventional bifocals will be supplied at no additional cost for anyone who is unable to adapt to progressive addition lenses; however, the copayment will not be refunded.
