Chair of Board of Directors
NuHealth System

Dean of Academic Affairs
Designated Institutional Official

Nassau University Medical Center is located in the geographical center of Nassau County. It is situated between Meadowbrook State Parkway to the west and Wantagh State Parkway to the east, and slightly east of Eisenhower Park.

When coming from the west take exit M5 EAST from Meadowbrook State Parkway onto Hempstead Turnpike. When coming from the east take W3 WEST from Wantagh State Parkway onto Hempstead Turnpike. Being the tallest building in Nassau County, the Medical Center can be seen from a long distance. By car it takes about 45 minutes to drive from Manhattan to Nassau University Medical Center.

The Medical Center can also be reached by way of the Long Island Railroad. Take the Long Island Railroad to either the Hempstead Station or the Westbury Station. These stations are only a short ride by taxi from the Medical Center. The Long Island Airport Limousine Service will bring you to a hotel near the hospital, from where you can take a taxi to the hospital.

3. discuss therapeutic options with IVIG

Disclosure Statement:
In compliance with the ACCME Standards for Commercial Support,SM all those in control of the CME content of activities provided by the Suffolk Academy of Medicine are expected to disclose all relevant financial relationships with any commercial interest that may have a direct relationship to the subject matter of their educational activity. All commercial relationships that create a conflict within the faculty’s control of content must be resolved before the educational activity occurs.

The following planner and speakers have a relevant relationship with a commercial interest (defined as any entity producing, marketing, re-selling, or distributing healthcare goods or services consumed by, or used on, patients), that relates to the content of the educational presentations. Planner: Myron Zitt, MD, Speakers’ Bureau for Mylan, Meda, Boston Scientific, Advisory Board of McNeil and a Consultant for Sanofi. Speakers: Mark D. Lorton, MD, Investigator and Speaker’ Bureau for Dyax, Speakers’ Bureau for Shire and Investigator for Novartis; Anne Maitland, MD PhD, Speakers’ Bureau for Merck and Genentech. An appropriate mechanism has been implemented to resolve all conflicts of interest prior to the presentations. All other planners and speakers have no relevant financial interest to disclose.
