**Q & A**

**NUMC Formal Sealed Bid Proposal # MC81-07221-5320**  
**PATIENT BELONGING BAGS 2021**

See responses below in red:

1. Because this is a custom item that will be made on demand (20X20, white, drawstring), we do not have any of these on hand for sample submission.. Below are our 2 options for evaluation purposes, let me know which SKU we should arrange:

**Samples should be as close to specs as possible in order for us to compare your product with those of the other bidders. Size is more important than color in the sample submissions.**

2. We have some minor spec variations, would the bellow be acceptable?  
Drawstring: We use polyester string, not cotton as requested. Please confirm if polyester is acceptable. If not, cotton string cost will be higher

**We require the string to be cotton.**

3. Gusset: Requested size is 4 inches. Usually 20X20 bags have a 2 inch gusset, please confirm that the below image is what we should reference? We think we have the same meaning but different verbiage.

**When fully opened, the bag should be 4" across on the bottom.**
