Nassau University Medical Center
Exterior Sign System
Campus Wayfinding & Emergency

**Exterior Documentation  Bid Documents + Addendum**
Nassau University Medical Center

Logotype/Logo
Rear-illuminated logotype/logo reverses from opaque sign face; all graphics, 1/2" "push-thru" clear acrylic with translucent color vinyl on second surface; vinyl colors: to match NuHealth ID standards

NUMC letterforms
1/2" "push-thru" illuminated graphics reverse from opaque painted MPM "Satin Aluminum" sign face; letterform colors: Caslon® "Black/White" acrylic

Divider Rule
1/2" "push-thru" illuminated rule reverses from opaque sign face; color: "Blue" vinyl to match NuHealth ID standards

Sign Base
1/8" aluminum "skirt"; paint color: "Cygnus Gray Metallic" MPM#22030. Note: skirt to extend below grade/slope; new landscape (turf/groundcover, etc.) by Owner

Sign Cap
3" deep aluminum pan assembly overlaps sign box below 3" all sides; cap underside illuminated by light emitted through clear acrylic openings in top of sign box; paint color: MPM "Satin Aluminum"

Notes:
Two (2) freestanding single-sided 1/8" aluminum sign boxes with "push-thru" illuminated graphics, aluminum base skirt and luminous caps; paint colors as indicated

Electrical service provided by Owner/GC. Fabricator to field verify all site conditions. Service access on back of signs to be low-vizability with no light leaks; all fasteners to be hidden

Landscape typical
Fabricator to verify grade/slope

Structure typical
Sign structure secures directly to foundation below grade

Foundation
Precast footing/foundation as required; aluminum "skirt" extends below grade

Primary Site ID freestanding
Scale: 1/4" = 1'-0"
Secondary Site ID w/aluminum base
or corner of Hempstead Turnpike & Carmen Avenue
Scale: 1/4" = 1'-0"

Internally illuminated sign box (single-sided) w/luminous top cap detail
