“Organ Donation”

Presented by

Amy Friedman, MD
Chief Medical Officer – Executive Vice President
LiveOnNY Organ Procurement Organization

Wednesday, October 28th, 2020

7:00 a.m. – 8:00 a.m.
Amphitheater

Learning Objectives:

1. Examine how collaboration between LiveOnNY and the hospital team – and LiveOnNY and the transplant center – leads to a more successful donation process and transplant outcome for the recipient.
2. Describe the process for timely patient referral to the OPO that complies with regulatory requirements.
3. Illustrate the mechanical concepts of a multi-organ procurement procedure.

Target Nassau University Medical Center (NUMC) is accredited by the Medical Society of the State of New York to provide continuing medical education for physicians.

NUMC designates this (Live Activity) for a maximum of 1 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NUMC relies upon planners and faculty participants to provide educational information that is objective and free of bias. In this spirit, and in accordance with MSSNY/ACGME guidelines, all speakers and planners must disclose relevant financial relationships with commercial interests whose products, devices or services may be discussed in the a real or CME content may be perceived as apparent conflict of interest. Any discussion of investigational or unlabeled use of a product will be identified.

No commercial funding has been accepted for the activity.
