Tuesday, February 23, 2021
12:00 – 1:00 p.m. – Zoom session

To join via Zoom Meeting
<https://zoom.us/j/97344647142>

Meeting ID: 973 4464 7142
Passcode: 697123

Learning Objectives: Upon completion of this session, participants should be able to:

- 1. Understand the anatomy and physiology of esophagus**
- 2. Improve management of patients presenting with symptoms of motility disorders of esophagus**
- 3. Identify key clinical features and determine the role of high resolution esophageal manometry in the diagnosis of these disorders**
- 4. Review current best practices for management of patients with these disorders.**

Target Audience: Physicians, Fellows, Residents, PAs, NPs, Pharmacists, other Allied Health Professionals, Medical Students and all other personnel involved in patient care.

CME Accreditation: Nassau University Medical Center (NUMC) is accredited by the Medical Society of the State of New York to provide continuing medical education for physicians.

Credit Designation: NUMC designates this Live Activity for a maximum of 1 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure Policy: NUMC relies upon planners and faculty participants to provide educational information that is objective and free of bias. In this spirit, and in accordance with MSSNY/ACCME guidelines, all speakers and planners must disclose relevant financial relationships with commercial interests whose products, devices or services may be discussed in the CME content or may be perceived as a real or apparent conflict of interest. Any discussion of investigational or unlabeled use of a product will be identified.

Planner and Speaker’s Disclosures: The planner’s and presenter do not have any financial arrangements or affiliations with any commercial entities whose products, research or services may be discussed in these materials.

Funding: No commercial funding has been accepted for this activity.
