

Internship Admissions, Support, and Initial Placement Data

Date Program Tables are updated:

Program Disclosures

Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution's affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values?	<p>_____ Yes</p> <p><u> X </u> No</p>
If yes, provide website link (or content from brochure) where this specific information is presented:	

Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

Applicants who are a good fit for our program have a strong interest in working with severely and persistently mentally ill, character-disordered and underserved populations in a dynamic hospital setting. Prior experience with inpatient populations or working with individuals with severe and persistent mental illness is a plus but not required. Applicants interested in learning about psychodynamic approaches effective with these populations would also be a good fit.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours	N		Amount:
Total Direct Contact Assessment Hours	N		Amount:

Describe any other required minimum criteria used to screen applicants:

- Applicant must be a doctoral student in good standing at an APA-accredited Clinical or School-Clinical Psychology Program.
- Applicant must be approved for internship by the Director of Training at their graduate program.
- At least three integrated psychological testing batteries are preferred.
- Applicants should have some training and experience with projective testing (i.e. Rorschach training and experience)
